

Used by teachers to send class reminders or celebrate achievements within school, e.g. trip reminder

Replaces general (non-personal) emails, e.g. Bulletin

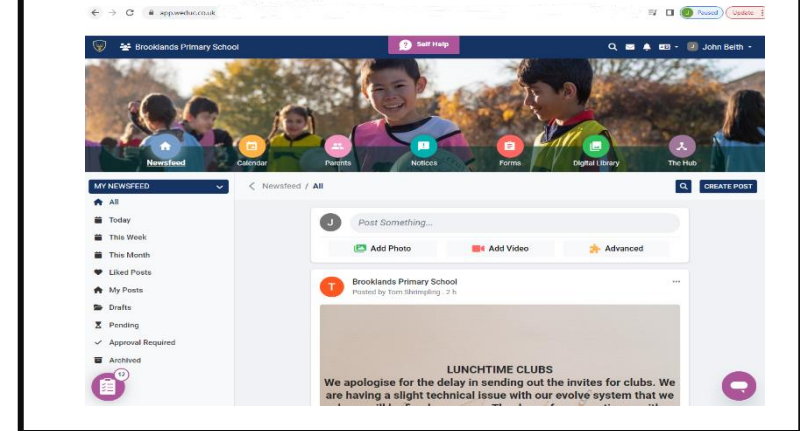

Mail: direct messaging facility (one-way) for personalised emails from school, e.g. attendance letters. **To contact school continue to email on secretary@brooklands.trafford.sch.uk**

Syncs with website calendar. No need to send emails for school events. Can integrate to phone calendar.

Must now be used instead of phoning/emailing

Replaces Microsoft Forms links for trips, etc.

Or use browser version if you're without your phone or at work – app.weduc.co.uk

OUR FINAL COMMUNICATION OUTSIDE OF THE APP SO PLEASE DOWNLOAD AND FOLLOW INSTRUCTIONS!

We ask that you:

1. Download the app (or use the browser)
2. Set notifications to 'enable all' – and click the relevant I-Phone / Android settings to activate banner notifications
3. Get in the habit of checking the app daily as you would Facebook (or similar), although notifications will help alert you

In order to address parents' feedback to a) reduce the number of communications, whilst b) keeping parents informed we ask that you actively use and check the app in the same way you would social media – although notifications will help alert you.

We will no doubt have teething problems whilst we transition and need to commit to a single platform to ensure good traction, but thank you for sticking with us as we work to improve communication!
